

# THE BIRCH

NORTHERN LIGHTS RESTAURANT

The cuisine of the Silver Birch Resort is born in the heart of Lapland, land of the Sámi, where life has followed the rhythms of nature for centuries — hunting, fishing, berries, herbs, and roots form the basis of the local tradition.

Our Italian chef interprets these ingredients with his Mediterranean sensibility and respect for traditions, creating dishes that combine the purity and simplicity of the North with the technique and flavors of Italian cuisine.

The result is a menu that tells our story, offering a unique balance between Scandinavia and the Mediterranean.
